

# WRITING, REVIEWING & MAINTAINING POLICIES POLICY

Under the *Education and Care Services National Law and Regulations*, an approved provider must ensure that policies and procedures are in place under Regulations 168 and 169. While it is important to have policies and procedures in an Out of School Hours Care (OSHC) Service, it is equally important that the policies are regularly reviewed, and amendments made to cater for changes in legislation and researched best practice, and changes to service procedures that aim to support ongoing quality improvement.

Engagement in regular review of policies and procedures ensure that they align with quality practice within the Service and are responsive to feedback identified through the service's risk management and quality improvement systems. [Guide to National Quality Framework]

## PURPOSE

To ensure compliance with the National Quality Framework, our OSHC Service will review our policies and procedures on an annual basis, or more frequently if required due to changes having occurred within the Service, or if considered best practice in respect of current research. We aim to work in collaboration with our educators and families, gathering feedback when updating our policies and procedures to ensure that the needs of children being educated and cared for are always being met.

## SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor, students, volunteers and visitors of the OSHC Service.

## IMPLEMENTATION

Policies and procedures are an integral part of the documentation required to meet legislative requirements for all early childhood education and care services. Policies and procedures clearly outline the processes all staff employed by a service will follow and assist all staff to understand their roles and responsibilities. They ensure a consistent approach and embedded practice across all operations and practices of a service and help to inform families how the service operates.

## THE APPROVED PROVIDER/MANAGEMENT WILL ENSURE:

- our policies and procedures are underpinned by the *My Time Our Place Framework* and ECA Code of Ethics and address the *Education and Care Services National Law and National Regulations*, *National Quality Standard*, *Family Assistance Law* and other state/territory laws as applicable
- all policies and procedures will be made available for families, educators, staff, visitors and students to view at all times
- all policies developed will be made in consultation with management, staff and families of children attending the Service
- our educators and staff will ensure that all policies and procedures are reviewed as per the document review routine, or more often if required (e.g., due to changes in regulations, legislation, and/or

OSHC Service practices). This gives families, educators and staff opportunities to suggest aspects or areas that may need to be modified or improved.

- each document has a recommended review date stated in the 'Review' section of the policy document and changes are clearly made through version control
- educators, staff, and family members are invited to have input into the policies and procedures at any time of the year, not only at the scheduled review time for a particular policy
- policies include clear, simple statements and are presented in a logical format
- procedures include detailed descriptions of how each policy will be implemented within the service and provide step-by-step instructions to ensure each staff member or any other person can follow in a particular circumstance
- all policies will be signed, sourced/referenced, and dated at each review and educators and other staff will continuously seek out relevant new information and research to be included in policies in order to provide the best possible environment and practices
- policies will be informed by relevant authorities to ensure best practice- e.g.: KidSafe, Cancer Council, Red Nose
- all stakeholders at the OSHC Service must be informed of any changes to policies. This will occur in writing and be provided to families, educators, other staff, management, the committee, and any other applicable individuals
- families will be invited to join our Family Committee.
- families not involved in the Family Committee will have the opportunity to revise and help plan policies via Newsletters and specific letters to families discussing the policy or a draft of the proposed policy and given the opportunity to respond
- all policies that are being either reviewed or developed will be displayed on the OSHC Service's noticeboard, so that all stakeholders are aware of progress at all times and can be involved in the review
- all revised/updated policies are included in the Policy Folder/document. Updates will be made to the Family Handbook, Staff Handbook and other related documents
- policies are accessible to all staff and families and an appropriate translation service is provided (or online translation software) for policies for families who do not have English as their first language

## LEGISLATIVE REQUIREMENTS

Out of School Hours Care (OSHC) services must have policies and procedures in place relating to the categories listed in Regulation 168 of the National Regulations. Services may have additional policies and procedures dependent upon their unique situation and operation requirements.
