

FAMILY COMMUNICATION POLICY

Family participation is an important part of making the OSHC Service a true part of the community. We believe in creating an environment that is welcoming and inclusive and supports a sense of belonging for children, families, and educators.

Partnerships are based on the foundations of respecting each other's perspectives, expectations and values, and building on the strength of each other's knowledge and skills. Educators recognise the diversity of children and young people with whom they work and the importance of connecting with families, community members and other professionals, including teachers in schools to support children and young people's wellbeing, learning and development.
