PURPOSE

To ensure that all excursions and incursions undertaken by the Outside School Hours Care Service are planned and conducted in a safe manner, maintaining children’s health, safety and wellbeing at all times in accordance with Education and Care National Regulations. We believe excursions/incursions provide the children with the opportunity to expand and enhance their skills and knowledge gaining insight into their local and wider community. We are committed to complying with all relevant legislation to support the planning, authorisation, supervision and risk management of all excursions and incursions to ensure children’s safety, rights and best interests are the paramount consideration. This includes ensuring the safe use of digital technologies and online environments during excursions and incursions, in line with our policies to protect children’s privacy, safety and wellbeing.

SCOPE

This policy applies to children, families, educators, staff, management, approved provider, nominated supervisor, students, volunteers and visitors of the OSHC Service.

IMPLEMENTATION

Excursions and incursions will be conducted with the children’s safety and wellbeing in mind at all times. We may regularly schedule incursions and visitors to our OSHC Service however, if we feel an excursion will benefit the children and offer a valuable experience, we will adhere to the National Regulations and Service policies and procedures to plan and manage an experience that is enjoyable for children. This policy relates to excursions that may be a ‘regular outing’ or a one-off excursion for a particular purpose and incursions, where visiting performers, groups or community services may visit our OSHC Service.

Children who are enrolled in our OSHC Service may participate in extra-curricular activities that are organised separately from our service. Our OSHC will support children to participate in extra-curricular activities located within school grounds.

DEFINITIONS

Excursion: means an outing organised by an education and care service or family day care educator but does not include an outing organised by an education and care service provided on a school site if -

- (a) a child or children leave the education and care service premises in the company of an educator and
- (b) the child or children do not leave the school site.

Extra-Curricular Activities: means an activity organised separately from the OSHC Service that children may attend during OSHC operating hours. Examples include music lessons, dance class, choir lessons.

Regular outing: in relation to an education and care service, means a walk, drive or trip to and from a destination

- (a) that the service visits regularly as part of its educational program; and
- (b) where the circumstances relevant to the risk assessment are *substantially* the same on each outing.

Incursion: means an activity organised by our Service, whereby an outside body is employed or engaged to visit the service to run an educational program and to promote culture and diversity. This could include a visit from the Rural Fire Service, an Aboriginal cultural awareness group, science or reptile show or a musical or drama performance. Some incursions may be offered free of charge whilst others may incur a small participation cost.

CONSIDERATIONS FOR EXCURSIONS AND INCURSIONS

The purpose of the excursion should be clearly identified by staff providing information on how the excursion or incursion supports the educational program and contributes to the outcomes for children.

Excursions/incursions should be planned in advance and consideration given to the:

- time away from the OSHC Service
- availability of toilet and washing facilities
- access to safe drinking water
- adequate health and hygiene practices
- possible risk to children (identified in risk assessment)
- accessibility for all children
- transportation
- cost
- weather- wet weather arrangements
- teaching children safety procedures and responsibilities whilst on an excursion

- communication with parents and families
- Risk Assessment documentation provided by the excursion venue
- safety and wellbeing of children whilst at the OSHC Service whilst participating in an incursion (identified in risk assessment)
- communication between educators participating in the excursion and the Service
- adequate shade and sun protection
- transitions between areas of the venue
- water hazards.

EXCURSION/INCURSION RISK ASSESSMENT

The approved provider or nominated supervisor must conduct a risk assessment which reflects Reg. 101 before an authorisation is scheduled under Reg. 102 to determine the safety and appropriateness of the excursion/incursion. If the excursion involves transporting children, the risk assessment must adhere to **all** components of regulations 101, 102, 102B, 102C.

The risk assessment must:

- identify and assess possible risks that the excursion/incursion may pose to the health, safety and wellbeing of any child being taken on the excursion or participating in the incursion
- specify how the identified risks will be managed and minimised
- ensure Working with Children Checks (WWCC) conducted for all adults visiting the Service on incursions
- ensure the visiting group/performance is covered by insurance
- consider the proposed route and destination for the excursion and
- identify any water hazards
- reflect on any risks associated with water-based activities
- consider the transport to and from the proposed destination for the excursion
- consider the duration of the transportation
- consider any requirements for seatbelts or safety restraints under a law for our jurisdiction
- consider whether access to service-issued devices are sufficient to meet safety and education and care requirements without routine reliance on personal devices
- the process for entering and exiting the ECEC Service premises and the pick-up location or destination (as required)
- procedures for embarking and disembarking the means of transport, including how each child is to be accounted for on embarking and disembarking
- consider the ratio of adults to children involved in the excursion

- consider the risks posed by the excursion/incursion, the number of educators or other responsible adults required to provide supervision, and whether any adults with specialised skills are required to ensure children's safety (e.g.: lifesaving skills)
- consider the planned activities
- determine the duration of the excursion
- consider items that should be taken on the excursion (mobile phone, emergency contacts, first aid kit, medical plans, etc.).
- consider strategies to ensure supervision is consistent at all times during the excursion - transitions, toileting, departure from the service and conclusion of the excursion

If the excursion is a *regular excursion*, or '*regular outing*' a risk assessment authorisation is only required to be carried out once in a 12-month period, however, must be regularly reviewed. If circumstances around the excursion change, a new risk assessment is required.

THE APPROVED PROVIDER/NOMINATED SUPERVISOR/MANAGEMENT WILL:

- meet obligations under the *Education and Care Services National Law and National Regulations*
- ensure educators, staff, students, visitors and volunteers have knowledge of and adhere to this policy and procedure

- notify families about the excursion using an *Excursion/Incursion Authorisation Form* and written authorisation must be provided by a parent or other person named in the child's enrolment record
- notify families about any incursion occurring at the Service. Authorisation is generally not required; however, an *Excursion/Incursion Authorisation Form* may be provided for the parent/carer to complete to consent for their child to participate
- notify families that they can view the risk assessment prior to the excursion/incursion upon request in which the Service must comply with ensuring all information is available
- monitor all documentation and records relating to excursions ensuring these are kept safe and secure for a period of 3 years after the date of the excursion
- confirm that the number of children attending the excursion does not exceed the Service's licensed capacity
- ensure volunteers, students and other adults participating in the excursion are aware of their roles and responsibilities, including ensuring they are not left alone with children

TRANSPORTATION FOR EXCURSION

Excursions involving transportation must adhere to the *Safe Transportation Policy* including ensuring a risk assessment has been completed prior to children being transported by the service and authorisation for the service to transport children as part of the excursion. It is a requirement of the National Regulation that the means of transport is stated on the risk assessment record and parent authorisation record. Information must be included in the risk assessment about the process for embarking and disembarking the means of transport, including how each child is to be accounted for.

The *means of transport* may mean:

○ Walking

Educators must ensure children and adults use the safest footpaths and safe crossings where possible, such as pedestrian crossings and traffic lights. Educators will ensure all children and adults obey road rules. Educators will ensure children follow the 'stop, look, listen and think' process when walking near roads. Educators will remain vigilant that no child runs ahead or lags behind the group

○ Bus

The nominated supervisor must ensure that the seating capacity as displayed on the compliance registration is not exceeded. All children must sit on seats, preferably with, or close to an adult. Any requirements for seat belts or safety restraints under law must be followed depending on the vehicle used. If the bus has seat belts, they must be worn at all times.

○ Train

The nominated supervisor will be required to contact the local station prior to the excursion to inform them of the time you will be travelling, the destination, and the number of children and adults who will be travelling.

Provisions should be made to ensure children have ample time to board the train safely and in an unhurried way. This will allow the station to inform the train guard so that they can hold the train for the period of time for safe boarding and disembarkation. All children should be seated at all times, with an adult close by. All children should be seated in the one carriage if possible- and not in a Quiet Carriage.

EXTRA-CURRICULAR ACTIVITIES

Our OSHC Service will support children to participate in extra-curricular activities that may be organised within school grounds during OSHC operating hours. Communication between families and the school or the extra-curricular activity organisation (e.g., third party music teacher/provider) is paramount to the support provided to children to participate in the activity, Families are to make arrangements between the extra-curricular organisation/coordinator regarding attendance for their child. Examples of extra-curricular activities include music lessons, dance classes, team sports, drama classes or chess club. Families are required to complete the *Extra-Curricular Authorisation Form* and are responsible for informing the OSHC Service of any changes to attendance at extra-curricular activities.

Children attending extra-curricular activities will be signed out of the attendance record by OSHC educators and signed back into the OSHC Service upon return.

A Risk Assessment will be completed for all extra-curricular activities that children attend during OSHC operating hours. The Risk Assessment will include the following information:

- reason for extra-curricular activity
- name and contact details of extra-curricular coordinator
- the route the children will take to walk to the extra-curricular activity

- if children require an escort to the extra-curricular activity

Children will not be able to participate in extra-curricular activities unless prior written authorisation for the child to leave the OSHC Service has been obtained by the family. Authorisation for regular extra-curricular activities will be obtained each term.

INSURANCE

Management must review their insurance policy of the vehicle prior to the excursion/incursion to ensure liability is protected by the OSHC Service. A copy of the insurance policy should be kept within the service's vehicle at all times. Note: Some insurance policies may not cover high-risk activities such as merry-go-rounds, air-filled jumping castles, water slides and pony rides.

- the vehicle is parked as close as possible to the OSHC premises or visiting venue
- children only disembark the vehicle when it is safe to do so

LOST CHILD DURING AN EXCURSION/ EXTRA-CURRICULAR ACTIVITY

In the event of a child being unaccounted for during an excursion or following an extra-curricular activity, educators will immediately:

- inform another educator and provide supervision for groups
- conduct a head count
- ask children/parent helpers/other educators if they have seen the missing child
- check with the extra-curricular activity coordinator if they are aware of the missing child's location
- search the premises
- check organised meeting points (use service-issued mobile phone to contact other educators)
- alert the venue management and request that an announcement is made
- if the child is still unaccounted for after checking as above, the nominated supervisor or excursion coordinator will contact the Police on 000 and report the incident
- the nominated supervisor will contact parents/guardian
- educators will reassure other children and provide supervision
- the approved provider must make a notification to the regulatory authority within 24 hours of a serious incident
- following any incident during an excursion a thorough review of this policy and associated procedure will be conducted and documented for improvements.

EMERGENCY MANAGEMENT DURING AN EXCURSION

During the planning of the excursion, the excursion coordinator will conduct a risk assessment to identify

any potential emergencies that may occur. The excursion coordinator will check whether the venue has appropriate emergency procedures in place and incorporate this information into the excursion risk assessment. In the event of an emergency occurring while educators and children are participating in the excursion, staff will follow the emergency evacuation procedure or lockdown procedure as required.

The excursion coordinator will contact the nominated supervisor or the responsible person immediately and follow instructions provided by emergency services. Families will be informed as soon as practicable, but no later than 24 hours after the emergency event. Families may be required to collect children from the excursion venue; educators will contact parents/guardians or emergency contacts if required. The approved provider will notify the regulatory authority of any serious incident involving a child while being educated and cared for at the Service within 24 hours. The approved provider will complete a review following the emergency incident, including an assessment of areas of improvement.

CONTINUOUS IMPROVEMENT/REFLECTION

Our *Excursion/Incursion Policy* will be evaluated and reviewed on an annual basis or earlier if there are changes to legislation, ACECQA guidance or any incident related to our policy. Feedback will be requested from children, families, staff, educators and management, and notification of any change to policies will be made to families within 14 days.
