

DENTAL HEALTH POLICY

Good oral health is important for good general health and wellbeing for children. It allows children to eat, speak, socialise and learn without pain or discomfort. Early Childhood Services and Out of School Hours Care Services are ideal settings for promoting the importance of good dental health to children and families.

NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 2: CHILDREN'S HEALTH AND SAFETY		
2.1	Health	Each child's health and physical activity is supported and promoted.
2.1.2	Health practices and procedures	Effective illness and injury management and hygiene practices are promoted and implemented.
2.1.3	Healthy Lifestyles	Healthy eating and physical activity are promoted and appropriate for each child.

EDUCATION AND CARE SERVICES NATIONAL REGULATION	
92	Food and beverages
87	Incident, injury, trauma and illness record

--	---

PURPOSE

We aim to promote children's general wellbeing by creating an environment that supports healthy dental and oral health habits and practices that can be maintained throughout the child's life. Our Out of School Hours Care (OSHC) Service will provide food and drinks with consideration to the sugar content and ensure that drinking water is always available.

SCOPE

This policy applies to children, families, staff, approved provider, nominated supervisor and management of the Out of School Hours Care Service.

IMPLEMENTATION

Our OSHC Service believes it is important for all children to practice a high level of dental hygiene. We follow the guidelines of the Australian Dental Association and State Government Health Departments when caring for children's teeth.

We provide information and guidelines on good dental health practices, which are implemented into the daily routine, including swish and swallow after mealtimes, providing information about brushing teeth and tooth friendly snacks and drinks, and going to the dentist.

To minimise the risk of cavities forming we encourage children to eat nutritious foods and to avoid sticky and sugary foods. All food served and prepared at our OSHC Service comply with these guidelines by providing a variety of recommended vegetables, fruit, and dairy products. Children will be encouraged to drink water.

MANAGEMENT/ THE APPROVED PROVIDER/ NOMINATED SUPERVISOR/ RESPONSIBLE PERSON WILL:

- Ensure that food and drinks provided by the OSHC Service adhere to recommendations from organisations such as [Munch and Move](#) (NSW) and the Department of Health and Age Care program [Get Up and Grow](#), and other recognised authorities. The Royal Children's Hospital of Melbourne recommends that children should avoid foods and drinks such as:
 - Chocolate
 - Lollies
 - Sweetened breakfast cereals
 - Biscuits
 - Fruit bars
 - Dried fruit
 - Muesli bars
 - Soft drink
 - Flavoured milk
 - Juice
 - Sports drinks
 - Cordial
 - Flavoured water
- always ensure children have access to safe drinking water
- ensure the routine incorporates 'swish and swallow' after each meal or snack time
- provide information to families about the Child Dental Benefits Schedule (CDBS)

- ensure enrolment form contains up to date information about each child’s family dentist (in case of emergency).

EDUCATORS WILL:

- provide opportunities to discuss dental health education and food and drink choices to support dental health with children
- provide resources to support dental health learning such as books, posters, ‘giant’ teeth and toothbrushes, etc.
- pay particular attention to meal and snack times to ensure healthy food is being eaten.
- encourage ‘swish and swallow’ after each mealtime
- provide dental care information to families through newsletters, posters, web links and brochures
- promote Dental Health Week with children and families each year.

DENTAL EMERGENCIES

It is important for educators to be aware of how to manage dental accidents and emergencies. Our OSHC Service will:

- ensure there is an educator on duty with current first aid qualifications to follow dental accident procedures
- ensure procedures for Adminstrating First Aid are adhered to (including completing a Illness, Accident or Trauma record)
- ensure families are notified of any injury as soon as is reasonably practicable
- ensure that the phone number of an emergency dentist is located near the office phone.
- ensure children are supervised at all times to minimise accidents and incidents.

CONTINUOUS IMPROVEMENT/REFLECTION

Our *Dental Health Policy* will be reviewed on an annual basis in consultation with children, families, staff, educators and management.
